Yet she refuses to avail herself of it. Like others who suffer in the same way she is loath to believe that relief can be afforded by so simple a thing as a pair of glasses.

People come to us and say they have "tried everything else" and "think the trouble must come from the eyes."

Why not come to us first? It won't cost you anything to find out about your trouble, and if it glasses you need, you will save yourself both suffering and expense by getting them instead of medicine.

**LICENSED TO WED**—A marriage license was issued yesterday to Bert Price and Willie May Powers. The wedding ceremony was performed by Probate Judge Phillips.

**A MURDERING INDIAN**—Sheriff Percival of Apache county arrived in the city on his way to Yuma yesterday morning with an Indian who had been convicted of murder and had been sentenced to ten years in the territorial prison.

**THE DEMOCRATIC PLATFORM**—Harry J. Bennett has a boy whom he is trying to bring up in the nurture and admonition of the democratic party. He took him to one of the democratic rallies the other night and gave him his first taste of political life. On his return his mother asked him what the speakers talked about. The youth replied that they were talking about the platform but he said it was not much to be proud of. Questioned further regarding his poor opinion of the platform he said it was nothing but a lot of "sugar" boards covered with cheese cloth and a flag here and there.

**DISTRICT 14 ALL RIGHT**—The social at the school house of district 14 last night was one of the interesting events that the people of that locality so often enjoy. At this particular event a handsome big ring was tendered the school by the Martha Washington club.

The programme was interesting and intensely enjoyed. Among the numbers were vocal selections by Miss Delphin Etter and Miss Mable Givens, and clever readings by Mrs. Richards. The speech of acceptance was ably made by Mr. R. C. Stanford in behalf of the members of the school board and the people of the district. Mr. Reed did the auctioneering of the towels that were sold for funds with which to pay for the flag by the club. **VISITING NEWSPAPERMAN**—Walter Edwin Connell of Los Angeles was in the city yesterday accompanying Hon. M. A. Smith on his campaign tour. Mr. Connell is representing the Los Angeles Herald and has been with Mr. Smith through northern Arizona. They visited Kingman, Gold Butte, Flagstaff, Williams, Winslow, Jerome, Prescott and McCabe. They will leave today for Florence where Mr. Smith will speak and returning will leave on a tour of the southern counties. (File in Mr. Connell's first visit to Arizona other than passing through it on the main lines and he is very favorably impressed. He says the Herald is enjoying prosperity under its new management and its business is constantly growing.)

**NEW CORPORATIONS**—Articles of the following corporations were filed in the office of the county recorder yesterday. The Price Goldfield Mining company, capital stock, \$150,000, incorporators H. J. McLaughlin, I. W. Skelton and R. B. Wampler; Fairview Oil and Gas company, capital stock, \$250,000, incorporators D. Burton and W. H. Hobbs; North Platte Development company, capital stock, \$1,000,000, incorporators S. A. Derrington and H. Newman; Ekmore Storage Battery company, capital stock, \$150,000, incorporators D. A. Holmes, W. K. Lowrey and L. M. Cain; Morning Star Oil and Gas company, capital stock, \$500,000, incorporators J. C. Clark, S. S. Osborn and H. Cooper.

**STOPPED A LEAK**—Through the vigilance of the officials of the Indian school a big hole was discovered in the Indian school bakery through which the commissary supplies were very rapidly disappearing and of course it was immediately plugged up. A Mexican woman, who formerly resided near the school recently moved to a house near the corner of Jackson and Fifth streets. For some reason the officials suspected that an Indian baker had been disposing of merchandise to this woman. Wednesday an official of the school visited the home of the woman with a search warrant, which however, he had no need for as the woman nuked freely and apparently concealed nothing. Asked if she had bought anything from an Indian she replied that she had and proceeded to place on exhibition six sacks of flour, one sack of beans, a bedstead and a blanket. She said she paid a dollar for the bedstead. When the official loaded the merchandise into his wagon she thought she ought to have her money back. She was told that people who buy stolen goods, and she evidently knew these things were stolen, have to take some chances in business.

## Correct Clothes For Men.

Our garments have an air of distinction about them—a finished look, rarely found in ready-to-wear clothes; they have a quality and style that distinguishes them, as stylish and dressy; there is an harmonious selection of fabrics, linings, and trimmings that is pleasing in effect.

No matter what your fancy runs to in suits, we can give you just what you desire, at just what you wish to pay.

**CASTLE CREEK HOT SPRINGS**

Everything in Readiness for the New Season's Business.

The Castle Creek Hot Springs hotel will open the winter season's business about the first of November. Preparatory to that event everything is being put in first class shape, even to the big Concord stage and stage stock used between the Springs and Hot Springs junction on the S. P. & P. railroad.

Everything was placed in readiness to give the big wagon trip and to touch up his stock a little, with Mr. Sell organized an excursion yesterday afternoon for a country drive. They hitched six horses to the big coach and filled it with Washington street capitalists, contractors, bankers, Arizona, speculators and hired men and spent two or three hours going out the McDowell road returning via the Tempe boulevard. The gentlemen, all of whom are Phoenix people, were greatly pleased with the country and saw several thousand acres of land they would like to buy if they had the money. And after they had the land they would like to buy the stage outfit, driver and all to ride over it in for it is a fine ride and rides like a Pullman. Lots of people go to Castle Creek for the pure pleasure of the stage ride and the delightful mountain scenery the road runs through.

Mr. Sell says the season at Castle Creek promises to be a lively one, though the hotel opening is dated a month later than last year, when it was found the opening was too early. There are already many bookings for entertainment a little later and it is probable there will be a big tourist travel soon after the election. The resort is a delightful place during the winter months and there are lots of people who know it. There are a lot more who do not know it, else the big hotel would be crowded all the time.

## A BIG MISTAKE...

Because of the fact that we have so many pretty dress shoes in our windows, and that we sell so many good se viceable fine shoes and advertise such shoes as Hanan, Walkover, Lairo Schoeber and Kippendorf-Dittman's, many people think we don't have any cheap shoes. But that's A BIG MISLAK. We have as good a line of \$1.50, \$1.75 and \$2.00 shoes as anybody can show, and they not only look good, but they wear. A big shipment came in Sept. 29th, and we can fill your cheap shoe wants with good shoes cheap.
